(1) Integrated teacher training programmes are professionally oriented Bachelor's programmes leading to a Bachelor's degree in education (nursery education, primary education or secondary education (group 1)). The university colleges award the teacher's diploma.

(2) Specific teacher training is a programme of 60 credits that the student can follow after professional training. The training focuses only on pedagogical skills. Half of the 60 credits (30 credits) must be devoted to practice. Specific teacher training replaces academic initial teacher training, academic level initial teacher training and the certificate of teaching proficiency. Specific teacher training is offered by universities, university colleges and centres for adult education. The diploma is a teaching degree and has the same value in the three institutions that organise this training.

B University colleges

As a result of the transfer (in 2013-2014) of the academically oriented higher education programmes from university colleges to universities, personnel involved in the transferred fields of study is no longer included in the staff statistics of the university colleges from 1 January 2014 onwards. They are now paid by the Katholieke Universiteit Leuven and by Universiteit Gent themselves.

3 Changes in tertiary education budget (in thousands of euros)

Attention:

The data on the budget for tertiary education as reported above refer only to the university colleges and universities. The budgets for higher vocational adult education and specific teacher training are integrated in the budget for adult education; the budget for the associate degree nursing is reported in the budget for secondary education.

In 2013, the board of directors of the university colleges⁽¹⁾ provided the following authorisations⁽²⁾ in total to the colleges:

	In euros
Investment resources	
Subsidised private university colleges	14,335,000
Subsidised public university colleges	1,541,000
Autonomous university colleges	8,860,000

(1) The board of directors is composed of all general directors of the university colleges. There are three sub-boards (for subsidised private colleges, subsidised public colleges and Flemish autonomous university colleges).

(2) Authorisations are budgetary engagements allocated to AGION in the Flemish budget, on the basis of which AGION can enter into engagements for infrastructure work.

The board of directors set aside 881,000 euros (resources) for the owners' maintenance of the autonomous university colleges.

The Agency for Infrastructure in Education (AGION) is responsible for financing infrastructure work for the university colleges but not for the universities.
